

# Utopia Community

Utopia Community is an innovative social crypto project. The sale of the tokens mainly finances social projects around the world. Which projects are selected for this purpose are not decided by the company, but collectively by the community members.

## Projects

Every month 5% of the company's capital is made available for the various projects. The best rated projects are carried out.

Here you get to the Membership table.

## UTOPIA TEAM

Utopias management and development team combine a passion for charity, finance and community cohesion. It has years of marketing experience and proven record in development and compliance.

Further information can be found on our website.
