Utopia Community Token

THE FIVE PILLARS

**THE UTOPIA COMMUNITY IS
BASED ON FIVE BASIC PILLARS.**

The Utopia Community Token is a cryptocurrency based social enterprise for the betterment of the world. We want to make a global social footprint in the area of cryptocurrencies and to be at the forefront of environmental protection, charity, community building and innovation. To give our children a good life in future. We want to reward good people on this planet who support us in our goal with great benefits.

MISSION

Our mission is to make the world a better place for everyone, be it human or animal and to save our nature.

Utopia Community Token

The whole concept is made possible by the Utopia Community Token, which serves as an investment for the realization of the individual projects and as a key to get different rights and benefits within the community.

Projects

Every month 5% of our company's capital is made available for various projects. The best rated projects are carried out until 5% of our company's money is used up for the month.
